

# Golf

## *at Pennbrooke Fairways*

Located in Leesburg, Florida, just east of Brownwood Square in The Villages, Pennbrooke Fairways features three nine-hole courses: two executive nines and one regulation nine. With natural beauty, large manicured greens, lush undulating fairways, and friendly staff, the courses offer enjoyable, challenging golf for a range of skill levels.

## The Meadows

The Meadows features five par-4 holes, while its signature challenge is a par-3 fourth that stretches from 96 yards at the yellow tees to 193 yards from the black tees. The sloping green calls for a tee shot that stops on the putting surface. Bordered by wildlife preserves and stately old oaks, the course offers scenic views and habitat for red-tailed hawks and the occasional bald eagle.

## The Oaks

Winding through the community among homes, ponds, and the occasional bunker, this par-30, nine-hole course has often-tight fairways that reward accuracy. The Oaks is well suited to developing and honing a golfer's short game.

## The Sanctuary

Pennbrooke Fairways' longest course, The Sanctuary offers a challenging par-35 layout with five tee placements to accommodate different skill levels. It tests distance, accuracy, and putting; its signature feature is a 500-foot bridge spanning a protected wildlife area and swamp.
